## **Explanatory note**

*This note is not part of the order, but is intended to indicate its general effect.*

This order, which comes into force on 1 October 2017, amends the Tariff to indicate, in Part I of the Tariff, rates of duty on imported goods falling within the World Trade Organization Information Technology Agreement.

The amendment merely transfers the staged tariff elimination agreed under the World Trade Organization Information Technology Agreement from tariff Concession (Reference Number 60) under Part II of the Tariff to applied tariff rates under Part I.

Moving these goods directly into Part I of the Tariff will improve the transparency of covered goods, make it easier for importers to derive the benefits of the tariff concession, and increase the visibility for other Tariff users.

At the time of the making of this order, the text of the World Trade Organization Information Technology Agreement was available at: [https://www.wto.org/english/tratop\\_e/inftec\\_e/inftec\\_e.htm](https://www.wto.org/english/tratop_e/inftec_e/inftec_e.htm)
